

Session 11

Brownies choose your own adventure!

Brownie Unit Meeting Activity Festival Fun!

What you need:

Pens and paper
Music,
accessories and
camera optional

Going to party at a big festival is one of the great things about becoming a guide! Guides have the chance to go to exciting places like Big Gig, Wellies and Wristbands and many others across the UK. Lets plan our own festival for Sfida and think about what might be in store!

Let's pack!

Imagine you are staying away overnight at a festival. Write down the top 10 things you think you will need. Remember overnight in a tent can get cold!

Oh no! not everything fits in your bag! Use your list and cut it down to only 5 things.

Make sure you practice your dance moves for the festival!

Music time!

Plan who you want to see. You could write down as many as you can think of and choose 6 to put in the line-up. Draw them out of a bag, or curate your own concert in a different way.

Sfida's Selfie!

Get yourself dressed for the festival, you could make accessories or use face paint and flowers like a real festival! Take a picture in your best festival pose!

It's festival time!

Now its time to have some fun! Put on your music and dance the night away at your very own festival - did you remember to pack your sleeping bag or will you be partying all night?!

Brownie Unit Meeting Activity

Dancing in the rain

What you need:

- Waterproof jacket, wellies
- umbrella
- Music

Well it's sometimes not so sunny during the summer, so why not try this on a rainy day (but not during a thunderstorm).

- Get your gear on and head out with your umbrella
- Listen to the noise the raindrops make on the brolly. Is it a different sound to the rain hitting the floor or the trees? Try clapping along to the beat, is it too heavy to keep up with?
- Put together some moves to create a dance, include your umbrella into the dance - here's some ideas
 - Swing - move your umbrella in circles
 - Disco fever - get your disco groove on
 - Shimmy - move your arms and hips in opposite direction holding your brolly out in front.
 - Full circle - put your umbrella on the ground, walk all around while holding the handle
- Show time! Show off your new rainy routine. Then get out of the rain and get dry.
